EDUCATION

Telkom University
Bachelor's Degree in Information System (GPA 3.6 / 4.00) Sep 2021 - Aug 2025
Achievements:

- **Awarded** as Platinum Speaker Team of 26th World Youth Meeting in Japan.
- **Selected** as Indonesia Language Tutor for Paris by Embassy of Indonesia in France
- **Awarded** PKM-GFT 2023 Awardee by Ministry of Education, Culture, Research, and Technology.
- **Achieved** Finalist National Data Science Tournament (TSDN) 2024 by DataAcademy and ASDASI
- **Achieved** Finalist at BPJS Healthkathon Jeopardy Finalist 2023

TECHNICAL SKILLS

Programming & Tools : ISDP (ERP), Python, PHP, SQL, n8n, Excel
Frameworks & Analytics : ERP, Streamlit, Laravel, Looker Studio, PowerBI, Power Query, Data Visualization
Core Concepts : Data Science, Project Management, Design Thinking, Supply Chain, English (EPRT:510)

PROFESSIONAL EXPERIENCE

PT Pertamina Hulu Energi – Jakarta, Indonesia
Human Capital Information System – *Intern* July 2026 – Present

- **Prepared** BRD and Requirement Initial Checklists (RIC) for cross-divisional internal applications, translating business needs into structured system requirements.
- **Optimized and Maintained** analytical dashboards using Power BI and Power Query to manage workforce distribution and employee data, ensuring high accuracy for strategic organizational planning
- **Automate** data workflows to streamline human capital data integration, reducing manual intervention and enhancing system efficiency.

PT Huawei Tech Investment – Jakarta, Indonesia
Assistant Project Controller – *Intern* Oct 2025 – May 2026

- **Coordinated** delivery execution for a large-scale post-merger telecom XL-Smart integration across 250+ sites, supporting material planning and site readiness.
- **Coordinated** with 20+ subcontractors, internal teams, customers, and third-party vendors to resolve material shortage issues, reducing material-related delays by 25%
- **Partnered** with SCM, Logistics, Technical Team, and Operations teams to resolve material and logistics risks across 4 XLS Dismantle Warehouse across Indonesia, achieving 90%+ SLA closure.

PT Bank Pembangunan Daerah Jawa Barat dan Banten, Tbk. – Bandung, Indonesia
Business Consumer Unit – *Intern* Jan 2025 – March 2025

- **Developed** an analytic dashboard using Looker Studio to track and evaluate branch-level officer performance
- **Perform BI** Checking Report using SLIK for customer financial risk assesment per request.
- **Enhanced** Administrative and data input performance by 30%.

PT. Cerdas Digital Indonesia (Timedoor Academy) – Bandung, Indonesia
Coding Mentor – *Part Time* Jan 2025 – Sep 2025

- **Taught** programming and robotics (ages 5–18) and communicated learning progress to parents.
- **Assisted** marketing campaigns and promotions to increase IT literacy and brand awareness.
- **Conducted** presentations to pitch educational programs and close sales with prospective customers

BANGKIT Academy led by Google, GoTo, and Traveloka – Bandung, Indonesia
Machine Learning Cohort Aug 2024 – Dec 2024

- **Designed and implemented** Chatbot solutions utilizing TensorFlow and LLM models with Retrieval-Augmented Generation (RAG) to optimize intelligent user interactions.
- **Led** a Capstone project team, driving strategic brainstorming and managing comprehensive reporting to ensure timely project delivery.
- **Completed** 20+ advanced courses and hands-on projects focusing on Machine Learning and Deep Learning frameworks.

ORGANIZATIONAL EXPERIENCE

Head of HR Division of FPS Telkom University Feb 2023 – Feb 2024

- Directed human resources strategies, managing recruitment and member development, while collaborating with the Head of Student Affairs and faculty-level organizations to execute university and faculty-wide programs.

Evaluation Board of Advent Student Association Bandung Oct 2023 – Feb 2025

- Evaluated organizational programs and provided strategic feedback to enhance community impact, led the candidate selection and election process for the executive board, and monitored the performance of the BPH

Laboratory Assistant of Enterprise Intelligence System May 2023 – May 2024

- Facilitated practical laboratory sessions, mentoring students on IoT, Java, software architecture, and software integration within the laboratory's research framework.

- Laboratory Assistant of Enterprise Data Management

May 2023 – May 2024

 - Taught 3 courses to over 650 students, preparing comprehensive learning materials, conducting mentoring sessions, administering assessments, proctoring exams, and compiling final grading reports.
- Staff of Public Relation PR of CyanMusic

Jan 2022 – Sep 2022

 - Managed public relations campaigns and external communications for CyanMusic community utilize Instagram and Spotify, while simultaneously streamlining the member registration process.

CERTIFICATION

- OCI Data Science Professional - Oracle

Oct 2025

 - Validated expertise in managing the machine learning lifecycle, deploying models, and implementing MLOps using Oracle Cloud Infrastructure.
- Associate of Data Scientist - BNSP

Mar 2025

 - Certified by the Indonesian National Board for Data Science fundamentals, data processing, and predictive modeling.
- Project Management Essensial - Management & Strategy Institute

Dec 2025

 - Certified in core project management methodologies, strategic planning, and operational execution.

PROJECT & PUBLICATION

- Sentiment Analysis InfoBMKG with Light Gradient Boost and LDA Algorithm

Jan 2025 – May 2025

 - Analyzed 26,020 user reviews of the InfoBMKG application using the LightGBM algorithm (achieving 91% accuracy) and LDA topic modeling for an undergraduate thesis, formulating strategic recommendations for BMKG regarding improvements in information latency, weather data accuracy, and technical system stability.
- Data Analytic Dashboard Service Job Order – TRIATRA by Astra

Mar 2024

 - Developed real-time analytic dashboard using a Design Thinking approach, and formulated crucial KPI metrics (such as Total Demands and estimated revenue) to optimize Service Job Order tracking and facilitate data-driven management decision-making.
- Phishing Detection Website

Sep 2023

 - Led the end-to-end development of a real-time Phishing URL Detection WebApp by evaluating relevant URL features, training multiple ML models (CatBoost, MLP, Gradient Boost), and successfully integrating the final predictive model via a Flask API for seamless user interaction.
- Traffic Accident Detection Analysis Using YOLOv9 Algorithm (Conference)

Feb 2024 – Nov 2024

 - Led the development of a real-time AI-based traffic accident detection system utilizing the YOLOv9 algorithm (GELAN architecture) and 4,000+ annotated images, achieving 94.2% precision, and authored a corresponding research paper presented at an academic conference.
- Chatbot Model Development on DoCare.AI

Sep 2024 – Dec 2024

 - Developed and optimized a virtual health assistant chatbot model using the TensorFlow framework, Large Language Model (LLaMA) integration, and Retrieval-Augmented Generation (RAG) architecture

VOLUNTEER EXPERIENCES

- Indonesia Language Tutor for Foreign Student of Telkom University
 - Community Service Figma Workshop at Al-falah Islamic Boarding School
 - New Student Orientation Program of Telkom University
 - Liaison Officer of Pathfinder Fair 2022
 - Comitee of Event StartUp Probation by FRI Punya Startup
 - Head of Local Church Youth Community
- Sep 2024 – Dec 2024

Aug 2023

Sep 2023

Sep 2022

Feb 2023

Jan 2019 – Dec 2020
